The Navy League of the United States is hosting its first-ever Coast Guard Breakfast, featuring Coast Guard Commandant Adm. Karl Schultz. This event, made possible through the exclusive sponsorship of Huntington Ingalls Industries, will take place at 6:45 a.m. on May 8 at the Sea-Air-Space 2019 exposition in National Harbor, Maryland.

Adm. Schultz took office as 26th Commandant of the U.S. Coast Guard in June 2018. This event is an important venue for Adm. Schultz to educate and inform the public about the Coast Guard's priority to maximize readiness for today and tomorrow. We will learn from the Commandant about the Coast Guard's current initiatives on Coast Guard Arctic policy. Other possible topics of discussion are supporting Coast Guard personnel, investing in mission-enabling technologies and modernizing assets to guarantee this mission-critical service is ready for the challenges of today while preparing for the threats of tomorrow.

Registration will open at 6 a.m. for media seeking to pick up a same-day badge.

For more information on the event or to register as media, visit www.seaairspace.org. Note that media may attend the breakfast for free, but attendance does not include a meal.

About the Navy League of the United States

The Navy League of the United States, founded in 1902 with the support of President Theodore Roosevelt, is a nonprofit civilian, educational and advocacy organization that supports America's sea services: the Navy, Marine Corps, Coast Guard and U.S.-flag Merchant Marine. Through national and local programs, the Navy League of the United States provides a powerful voice to educate the public and Congress on the importance of our sea services to our nation's defense, well-being and economic prosperity. The Navy League provides support to our sea services personnel and their families and youth programs, such as the Naval Sea Cadet Corps, Junior ROTC and Young Marines, that expose young people to the values of our sea services.
